58. Cattle Grazing Grounds.

Mr. V. Achyuta Menon—"*This Council recommends to the Government to provide cattle grazing grounds for the several villages or groups of villages and towns of this State.*

Mr. V. Achyuta Menon.—Sir, in reply to question No. 315 of the Legislative Session the Leader of the House was pleased to say that there are no cattle grazing grounds in the towns of Chittur-Tattamangalam, Trichur, Ernakulam and Mattancheri. I need not submit to this House how important a matter the provision of suitable cattle grazing grounds in towns and villages is. A pair of oxen or bulls or a pair of buffaloes forms the only wealth of most of our cultivating farmers and the only thing that they give to these animals by way of making them work is a little water, with bram, a bundle or a bundle and a half of straw and any number of strokes with a rod while being ploughed. So most of our bulls—I do not refer to those in the Chittur Taluk—and most of our buffaloes are mere living skeletons. And unless good cattle grazing grounds are provided the health of these animals will suffer not only on account of want of grass and herbs, but also on account of want of exercise. In the town of Ernakulam, for instance, you have not a single plot of ground where this cattle can graze not to speak of their
